And now I take it home, with the parietal bone  
It might be crazy, but I learn that way  
Temporal and frontal too  
And now I'm finally through  
That makes 206  
I found a way that clicks  
(ooh yea)  
Everybody knows the bones  
Just had to find a way  
Everybody knows what I'm talkin 'bout  
That's how I'll get an A  
My bod has many parts  
And this is where it starts  
Phalanges I have ten  
And Metatarsals then  
I got some Tarsals too  
I'll put 'em in my shoe  
The fibula is next  
According to my text  
Then comes the tibia  
That ain't no fibia  
And now up to my knee,  
Yeah, yeah, yeah  
That's the patella to me  
We're doing the bone dance  
You study the answers  
Again and again til I get it right  
Miley, Lily, and Oliver sing:  
We're doing the bone dance  
You dance and you learn it  
And we won't mess up this test  
We'll get it perfect  
We're doin' the bone dance  
You dance and you learn it...  
And now I take it home  
With the Parietal bone  
It might be crazy  
But we learn that way  
Temporal and frontal too  
And now we're finally through  
That makes 206

I found a way that clicks  
(Bone Thugs in the house)  
We're doing the bone dance  
You study the answers  
Again and again till I get it right  
We're doing the bone dance  
You dance and you learn it  
And we won't mess up this test  
We'll get it perfect
