Every week's the same  
Stuck in school, so lame  
My parents say that I'm lazy  
Gettin' up at 8am's crazy  
Tired of bein' told what to do  
So unfair, so uncool

The day's too long  
And I'm holding on  
Till I hear the bell ring  
'Cause that's the time when we're gonna  
Time when we're gonna

Breakout  
Let the party start  
We're gonna stay out  
Gonna break some hearts  
We're gonna dance  
Till the dance floor falls apart  
Uh oh, all over again  
We're gonna wake up  
Everyone we know  
We're gonna have some fun  
Gonna lose control  
It feels so good  
To let go oh oh (go oh oh)

Hangin' out's  
Just somethin' we like to do  
My friends and the mess we get into  
These are the lessons that we choose  
Not a book full of things we'll never use

The day's too long  
And I'm holding on  
Till I hear the bell ring  
'Cause that's the time when we're gonna  
Time when we're gonna

Breakout  
Let the party start

We're gonna stay out  
Gonna break some hearts  
We're gonna dance  
Til the dance floor falls apart  
Uh oh, all over again  
We're gonna wake up  
Everyone we know  
We're gonna have some fun  
Gonna lose control  
It feels so good  
To let go oh oh (go oh oh)

Wish it would never end  
Spending time with my friends  
Oh with my friends

Breakout  
Let the party start  
We're gonna stay out  
Gonna break some hearts  
We're gonna dance  
Til the dance floor falls apart  
Uh oh, all over again  
We're gonna wake up  
Everyone we know  
We're gonna have some fun  
Gonna lose control  
It feels so good  
To let go...

Breakout  
Let the party start  
We're gonna stay out  
Gonna break some hearts  
We're gonna dance  
Til the dance floor falls apart  
Uh oh, all over again  
We're gonna wake up  
Everyone we know  
We're gonna have some fun  
Gonna lose control  
It feels so good  
To let go oh oh (go oh oh)
