Something's coming over me
It's dangerous, it's dangerous
Every time you're close to me
I feel the rush, I feel the rush
Such a sweet taste when we kiss
It's poisonous, so poisonous
This could be a tragedy
I'll take the the risk, I'll take the risk

Closer, little closer than my heartbeat
Hold my hand feel me come undone
Don't hesitate just set yourself free
got me rising, heartbeat on the sun

Burning up the night
Burning up my candle
Fire in your eyes
It's more than I can handle
Burning up the night

Silently I pray for rain
Wash over me, wash over me
So long, gonna melt away
Can't stand the heat, can't stand the heat

Closer, little closer than my heartbeat
Hold my hand feel me come undone
Don't hesitate just set yourself free
Got me rising, heartbeat on the sun

You're burning up the night
Burning up my candle
Fire in your eyes
It's more than I can handle
You're burning up the night
It's hard to fight the feeling

I'm not gonna try
I just gotta give in

You're burning up the night
