Maybe it's the things I say  
Maybe I should think before I speak  
But I thought that I knew enough  
To know myself  
And do what's right for me

And these walls I'm building now  
You used to bring em down  
And the tears I'm crying now  
You used to wipe away

I thought you said it was easy  
Listening to your heart  
I thought you said I'd be okay  
So why am I breaking apart?  
Don't wanna be torn

Don't wanna be torn  
Don't wanna be torn  
Don't wanna be torn

Don't make me have to choose between  
What I want  
And what you think I need  
Cuz I'll always be a little girl  
But even little girls  
Have got to dream

Now it all feels like a fight  
You were always on my side  
The lonely I feel now  
You used to make it go away

I thought you said it was easy  
Listening to your heart  
I thought you said I'd be okay  
So why am I breaking apart?  
Don't wanna be torn

Why is all this so confusing, complicating, and  
consuming  
Why does all this make me angry

I wanna go back to being happy

The tears I'm crying now  
You used to wipe away, yeah

I thought you said it was easy  
Listening to your heart  
I thought you said I'd be okay  
So why am I breaking apart?

Don't wanna be torn (x8)
