Even though I'm famous I'm still just like you we both
go to school and have caring parents.
Okay so I'm a little richer.
But I'm just like you.
I'm living the lives any girl would want.
I'm a singer an actress and your ordinary girl.
This is my life and it's going my way.
I'm living a double life.
It's the life any girl would want.
Come on yea.
It's a double life.
Here are my life I.
Let my songs on the radio and my picture in all the
magazine
And also I'm a school girl just like everyone else.
I'm living the lives any girl would want.
I'm a singer an actress and your ordinary girl.
This is my lives and they're going my way.
I'm living a double life.
It's the life any girl would want.
Come on yea.
It's a double life.
I can go any were with out the shades and make up and
be known as a regular girl.
But when you see me as a star you want an
autographed picture.
That's my life and it's an amazing life.
I'm living the lives any girl would want.
We're singers and actress and your ordinary girl.
This is my lives and they're going our way.
We're living a double life.
It's the life any girl would want.
Come on yea.
It's a double
