Ooooh-oooh...

I feel like I'm a million miles away from myself
More and more these days
I've been down so many open roads
But they never lead me home
And now I just don't know

Who I really am
How it's gonna be
Is there something that I can't see?
I wanna understand

(Chorus)
Maybe I will never be
Who I was before
Maybe I don't even know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a way to be
Every part of me?

So I'll try, try to sort things down
And find myself get my feet back on the ground
It'll take time but I know I'll be alright
Cause nothing much has changed...
On the inside

It's hard to figure out
How it's gonna be
Cause I don't really know...
I wanna understand

(Chorus)
Maybe I will never be who I was before
Maybe I don't even know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a wa to be
Every part of me, yeah?

(Bridge)

I don't wanna wait too long
To find out where I'm meant to belong
I've always wanted to be where I am today
But I never thought I'd feel this way

(Chorus)

Maybe I will never be who I was before
Maybe I don't even know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a way to be
Every part of me?

Every part of me...
