She never thought that she would
Get her second chance
Running so far from all she's ever known
Convinced she's lost all meaning
Where did her dreams go
Still she knew that there was something more

Don't be scared, there's someone there
To say these words you need to hear

CHORUS

Don't let anyone tell you that your not strong enough
Don't give up, there's nothing wrong with just being
yourself
So come on and raise your voice
And sing hey, heyyeahh

You'll find yourself in you

Sometimes people tell you
Be like me to fit in
Do you know your identity is not in them

Don't be scared, there's someone there
To say these words you need to hear

Chorus

Why should I measure the world
By someone else's design
Oh I won't let this fly by
Hey look over here I just found the real me
Now it's your turn to see
Now it's your turn to see

Chorus
