Imagining you're far away  
Just searching for the words to say  
I feel it when you fall apart  
Our lives are a greatest art

I don't wanna change your mind  
'Cause I accept you for  
Everything you are  
And will be stay here with me now

The only thing that our hearts are made of  
Are the acts of forgiveness and love  
The only thing real when push comes to shove  
Are the acts of forgiveness and love

'Cause in the end no one loses or wins  
The story begins again and again  
With forgiveness and love

You don't ever have to read my mind  
You can see it when you close your eyes  
Don't believe it when you lose your fate  
Another moment is a moment away

I can't tell you what the future holds  
Or how to live  
All I know is what feels right  
Lights up my life again and again

The only thing that our hearts are made of  
Are the acts of forgiveness and love  
The only thing real when push comes to shove  
Are the acts of forgiveness and love

'Cause in the end no one loses or wins  
The story begins again and again  
With forgiveness and love

Let's jump the start  
Let's find forever  
Where does the time go?

Just live your life  
You'll get another today, today, today  
Forgiveness and love

'Cause in the end no one loses or wins  
The story begins again and again  
With forgiveness and love

Let's jump the start  
Let's jump the start  
Let's jump the start  
Forgiveness and love
