It hurts me inside
even if i don't show it
you tear me apart
even if you don't know it
my heart is dying
whoa ohh

you don't think the words
you say hurt me but they do...
i'm sick of you

your stupid lies
all that dispise
i aim towards you
i aim towards you
this bow and arrow anit for love
i aim towards you
i aim towards you

people think we like each other
but your really my foe
you try to hurt me inside
but i can look at you and say so
the pain coming out of your mouth
it's really low
whoa

you don't think the words you say makes mr wan't to
runaway...
i hate today

your stupid lies
all that despise
i aim towards you
i aim towards you
this bow and arrow anit for love
i aim towards you
i aim towards you

will somebody help me
please somebody hel me
just reach out and grab my hand

you say it's my fault
you say it's my fault
you hide behind the sorry that you have

your stupid lies
all that despise
i aim towards you
i aim towards you
this bow and arrow anit for love
i aim towards you
i aim towards you

I aim towards you
