These clouds aren't going nowhere, baby
Rain keeps coming down
I just thought I'd try to call you, baby
For you got too far outta town
And I hope that you get this message that I'm leaving
for you
'Cause I hate that you left without hearing the words
that I needed you to

And I hope you find it,
What you're looking for
And I hope it's everything you dreamed your life could
be
And so much more

And I hope you're happy, wherever you are
I wanted you to know that
And nothing's gonna change that
And I hope you find it

Am I supposed to hang around and wait forever?
Last words that I said
But that was nothing but a broken heart talkin', baby
You know that's not what I meant
Call me up, let me know that you got this message that
I'm leaving for you
'Cause I hate that you left without hearing the words
that I needed you to

And I hope you find it,
What you're looking for

And I hope it's everything you dreamed your life could
be
And so much more

And I hope you're happy, wherever you are
I wanted you to know that
And nothing's gonna change that
And I hope you find it
Whatever it is out there that you were missing here

And I hope you find it,
What you're looking you
And I hope it's everything you dreamed your life could
be
And so much more

And I hope you're happy wherever you are
I wanted you to know that
And nothing's gonna change that
No, no, no
And I hope you find it
I hope you find it
Mmm,
Ooh.
