We haven't met  
And that's okay  
'Cause you will be asking for me one day  
Don't want to wait  
In line

The moment is mine believe me

Don't close your eyes  
'Cause it's a chance worth takin'  
And I think that I can shake you

[Chorus:]  
I know where I stand  
I know who I am  
I would never run away when life gets bad, it's  
Everything I see  
Every part of me  
Gonna get what I deserve  
I got nerve (I got I got I got)

Electrified, I'm on a wire  
Getting together we're on fire  
What I said you heard  
Now I got you spinning

Don't close your mind  
The words I use are open  
And I think that I can show you

[Chorus:]  
I know where I stand  
I know who I am  
I would never run away when life gets bad, it's  
Everything I see  
Every part of me  
I know I can change the world, yeah, yeah, yeah  
I know what you like  
I know what you think  
Not afraid to stare you down until you blink, it's  
Everything I see  
Every part of me

Gonna get what I deserve  
I got nerve
