fly away from me  
til the day you see  
that your perfect for me  
i just wish you could see that were meant to be  
i hope some day you see

ive fallen head over hills for you  
and i just want you in my arms  
again  
and when im with you  
its like no one else is here  
and i just want you near  
(i just want you near)

i know that im not perfect  
but when im with its like  
im flawless  
you have your problems to but  
when im with they go away  
and so do mine

ive fallen head over hills  
for you  
and i just want  
you in my arms  
and when im with you its like  
no one else is here

and i just want you near  
(i just want you near)

i know it didn't work the first time  
but im willing to try  
i hope that someday your mine

i fell so head over hills for him  
and i just wanted him in my arms again  
when im was with him it was like  
no one else was there'  
and i just want him near  
(i just want him near)

cause ive fallen head over hills  
for you  
and i just want you in my arms again  
when im with you its lie no one  
else is here  
and i just want you near  
(i just want you near)

cause ive fallen head over hills for you
