"No Stopping Me"

I don't know about tomorrow
All i got is today

I'm a wasting a time worrying about
How things might change
Some think about the moon
When its coming out at tonight
I'm just going to shine
'cause im having the time of my life

I want to fly

I want to be free
Cause if I cant fly I will see,
all things inside of me,
and i will dream of life as we know it,
kuz their aint no stopping me!

No Stopping Me, Not until I get my stuff back,
I want my stuff back! No Stopping me, me me! no
stopping me."
