I was ur angel  
I was ur queen  
you were like everything to me

but now its all turned around  
and I just want to say  
in the friendliest possible way  
peace out get out my door  
I really dont need you anymore  
I'm sorry it went down this way  
but baby I still have to say

we were like 2 peas in a pod  
but I guess the pod split in 2  
seperate people need seperate places  
so in the friendliest way I'm gonna say this

peace out get out my door  
I really dont need you anymore  
I'm sorry it went this way  
but baby I have to say  
baby I need to say  
I had to say

get lost
