Sometimes you leave the best for last  
But it happen'd before when it past  
You put your life apon your dreams  
But you don't even know what it means

CHORUS: I have an unlucky life Like I have to strive  
Into...

A place that's new...  
I have an unlucky life  
So I have to strive.....

Sometimes it snows in the Philippines

All the sickness could be seen  
Live somewhere else  
And then your life despairs  
When you don't know what's happening

CHORUS

CHORUS

You know when I...  
Go in someone's life  
Leave it to me  
And everyone will see  
What is life to me

CHORUS

CHORUS
