Come on guys tell me what we're doin'
We're hangin' 'round when we could be all over the pla-
a-a-ace
The sun is shining just the way we like it
Let's get outta this hallway, show the world our fa-a-a-
ace

It's Friday but there's no where to go
Anywhere is cool but we're not goin' ho-ome
And we can do anything we wanna do
It's all up to me-e and you

(Chorus)
Turn this park into a club
The stars are lights
And the moon is a love from above
Skateboard, he's alright so pull on up
Everyone is waiting for ussss
Anywhere we are
Anywhere we go
Everybody kno-ows
We got the party with us

O-o-o-o-o-o-o-o-o-o-oh-oh
We got the party with us
Ooooooh
We got the party with us

Radio, let me be a DJ.
I'll turn you up
keep us movin' till we're on a ro-o-oll

Everyone is dancin' to their own beat
And lettin' go, everybody here's got so-o-oul

It's Friday and there's no where to be
We're kickin' it together, it's so good to be fre-e-ee
We got each other, that's all we need
The rest is up to you and me-e

(Chorus)

We got the party with us!

Woah!

We got the party, we got the party!

(Bridge)

Life is full of dreamers, and I'm a believer
That nothing can stand in our way

(Chorus)

We got the party with usss!
