Hey, I see you trying to tell them all about me
Saying that I'm just a wannabe well guess what
I don't need nobody else to help me on my way, I'm
fine

Hey hey, I hear you've started rumours 'bout my family
Telling everybody that I'm in it for the money
I'd give it all away before I'd let your words get
through, alright?

Cos somebody out there, somebody somewhere loves
me for me and nobody else will...
Stop me from dreaming, stop me from believing
I'm on my own tonight

(Chorus:)

And whatever comes, whatever goes
Whatever happens I'll be fine
I am strong, the world is mine
And I suppose that if the doors close
I'll pick up my strength and bash it down and build it up
again, up again...

You, I know you're trying to get me angry and mad
I don't care I'm not gonna resort to being nasty
I don't need nobody else to help me on my way, I'm
fine

You, you, I betcha any money that you're lonely
Making me feel worse than yourself (yourself, yourself)

I'd give it all away before I'd let your words get
through, alright?

Cos somebody out there, somebody somewhere loves
me for me and nobody else will...
Stop me from dreaming, stop me from believing
I'm on my own tonight

(Chorus:)

And whatever comes, whatever goes
Whatever happens I'll be fine

I am strong, the world is mine
And I suppose that if the doors close
I'll pick up my strength and bash it down and build it up
again, up again...

You can say whatever cos whatever comes I'll beat ya
baby
You can say whatever cos whatever comes I'll shine!

(Chorus:)
And whatever comes, whatever goes
Whatever happens I'll be fine
I am strong, the world is mine
And I suppose that if the doors close
I'll pick up my strength and bash it down and build it up
again, up again...
