Today is not tomorrow
tomorrow is not today
And i'm worried about the reasons
to not have a good time
It's not gonna stop my nerve racking heart.
Now that i heard you talking
things have fell apart
Maybe they did.
Oh, yes they did

The worry inside keeps along time away from your
sorrow heart
Tears in your eyes somethin ain't
right
Don't you here the words i speak
It's gonna be alright
now take chance im Worried.

They said things are falling into place but their really
not.
I said i'm not awaiting for my simple broken heart

To be in replaced
I painted a smile on my face

The worry inside keeps along time
away from your sorrow heart
Tears in your eyes somethin ain't right
Don't you here the words i speak
It's gonna be alright
take a chance i'm worried

Just take this darn pain away i wanna be protected
leave me bee
i'm worried
oh worried
(yeah,yeah)
worried
