How can I feel this way
Can I suffer your injustice and the pain
But you still tie me up
With all of your insanity I say
What do I get from you
Well you crack me up with
Your love and cellophane
Do I still need this love again

What do I still feel, beside you
What do you still feel, all inside you
Will u take me
Oh willu take me
If I come with you
Do you promise I'll be

Will u take me
Oh will u take me
Do you promise I'll be yours

If this is ritual
Then surely you must always take the blame
Like a bubble head
You keep on asking me for someone to explain
Just your persuasion
Every time I think you've really
turned your head
Still we risk our love again

What do I feel, beside you
What do you still feel, all inside you
Will u take me
Oh will u take me
If I come with you
Do you promise I'll be

Will u take me
Oh will u take me
Do you promise I'll be yours

Will you reveal to me

The secret of your soul
And if you take me
I will never let you go
I will never let you go

I never let you go
I never let you go
I never let you go
Ooooooooooh
