It seems i've got you where i want you
It sucks out every inch of life
Throw away throw away your gentleman's
Argument... you meant
To pit your wits against my might
Surprise! i hit you where i want to
It seems your ignorance is blind
Throw away your innocent streak
You're now a new man
Get on your knees, say who was right!
You're right! you're right! you won!
(you've been around way too long)
You're right! you're right! you win!
This is where i revel in my conquest
It's where i hit you when you're down
Throw away your interesting bad excuses
It's time to shut up the big mouth!
