"Watching Scotty Die"

Visit "[Watching Scotty Die](#)" on MotoLyrics.com

I've got a kid his name is Scott hes going blind and his
blood will just
not clot. The doctors line in rows to stick tubes up
scotty's nose.
Here is the field where scotty used to play until ottawa
number 42 was
dumped in it one day.
I think its so funny i laugh until i cry just me and I
watching Scotty
die. Just me and i watching scotty die
The chemical plant across the street gives off steam
that colors our
white sheets. It's been happening for years now im
crying rainbow
tears. One day my dog went out to play instead of gray
he came
back colored yellow the chemical man said stay mellow
it happens all
the time now Scotty's skin is lime.
I think its so funny i laugh until i cry just me and I
watching Scotty
die. Just me and I watching Scotty die.
