Turutu, Turuturutu
Turutu, turuturutu
And it goes

The way you walk
The way you understand me
The way you move
The way you just whisper me
The way you touch
The way you used to kiss me
I want to just
just the way you are

your still the same
don't ever change
I want you just the way you are everyday now
Say you stay
don't go away
I love you just the way you are
the way you are

The way you talk
The way you movin' closer
The way you kiss
The way you lie beside me
cause everytime
Everytime I think about you
I want you just
just the way you are(x8)
