Hey little devil that dwells inside  
This angel's body, this angel's mind  
He said, "All I need is Jesus to fly"

Take a little peak through this head of hair  
I know somewhere there are eyes in there  
Trying to hide a heart that's shining, so bright

They said, "What makes you different from us?"

We're gonna bang your head down

I've got a dream that's growing inside me  
I'm ready to burst and set it free  
I know God waits in the city of angels

Now I've been building a wall these many years  
I feel safe inside hiding all my fears  
Don't hold your breath if you're trying to touch me

They said, "Don't believe in yourself?"

We're gonna bang your head down  
We're gonna bang your head  
Bang your head down

We are aging, soon to pass away  
So cruel to never know, never know  
Never finish what was started

My whole life's been really strange  
I've been running in circles trying to make a change  
I transcend myself with Billy, I'm home

They said, "What makes you different from us?"

We're gonna bang your head down  
We're gonna bang your head  
Bang your head, bang your head down  
We're gonna bang your head  
Bang your head, bang your head down
