"Calm Water"

I feel akin to a window
Feel your face is
Smashing through your eyes
I stand in little pieces
Talking to your picture

It turns to dream
Within my mind

(Chorus)
He dresses me in sunshine
This sky of mine
He dresses me in sunshine

Streams of sea
Fall down on me
The sun comes through
The cloud on the wall
There is no shadow

Wash me with your hands
I'm walking on
Calm water

(chorus x4)

How would you love me if I was your girl? (repeat)
