Intro: Dam Dubi Dam  
Dam Dubi Dam

Chorus:  
Dam Dubi Dam Dubi Dam  
I miss you like the flowers  
Are missing the sun  
Oh nane nane Dam Dubi Dam Dubi Dam  
Oh love is here and now you're gone (now you're  
gone)

I miss you like the first time  
I like hear the song  
Oh nane nane Dam Dubi Dam Dubi Dam  
I need you more than anyone

1. Oh stay with me - I need your love  
Til eternity - can't get enough  
And in your arms, I'm feeling so excited  
You're the one for me  
Oh hand in hand, I'll go with you  
I live my dreams and some lies are true  
And every thing reminds me, of your love, boy  
You're the one for me

2. Please talk to me, don't leave this way  
Oh can't you see, what words can't say  
Oh in my dreams I'll tell you secret stories  
You're the one for me  
We had it all, don't let it end  
Oh you can't win, with a losing hand  
Can't put my arms around a memory, boy  
You're the one for me
