"Day After Day"

I am, the one, who can see myself
Tonight, is cold, it's raining outside there
I know, that you, that you can feel yourself
Of other cheats and sadness
It's all I've meant in two lives

Day after day
Night by to night
I've been waiting to love again
Day after day
Night by to night
Love is waiting inside your heart

Someday, somehow, we'll have to say good bye
To you, and me, two fates will alive
You are, the one, yes all because of you
All the things you feel when turn into love
