You know I just want to be your friend  
Cause I'd like our little drama  
To have a happy ending  
And finally be fear transcending,  
You know I'd just like to send you  
A love light or maybe two  
'Cause I know you're thinking about me  
And to when we were so free,  
If you only know there's a someone who really loves  
you --  
It's your heart and it's your soul  
And it's you they want to know,  
You've got to love yourself before you love another.  
You know I just want to be your friend  
Cause I'd like our little drama  
To have a happy ending  
And finally be fear transcending,  
Look into your eyes and say, "You I dare face me  
today,  
And if I play love's game to win,  
Can I give up this bag I'm in?"  
You know I just want to be your friend  
You know i'd just like to be your friend  
You know I just want to be your friend  
You know i'd just love to be your friend.
