I don't want to be a millionaire
And I don't want to fly on wings of silver and gold
And I don't have to climb the highest mountain in the
world
To find what I'm looking for
'Cause it's here when I'm with you
I don't have to look for the rainbow
And I don't have to see that the world is round
And I don't have to chase after a dream of love
I'd find on some island in time
'Cause it's here when I'm with you
And there is magic in your eyes when you're near me
And it's joy to me to see that you are real
I don't want to be a millionaire
And I don't want to fly on wings of silver and gold
And I don't have to climb the highest mountain in the
world
To find what I'm looking for
'Cause it's here when I'm with you
