"In Time"

All the things that I know I can feel
I might just feel with you
I'll tell of the things that can be real
If you want to make it true
Sing to me, make me stay -- show me how you love
your way
And maybe I can show you that we can find
What we want to see
If you put your hand in mine
We'll go where you want to be
Walk with me, stay here by my side
And so, free forever we will ride
Sing to me, make me stay -- show me how you love
your way
Show me how you love your way
Show me how you love your way
