You give me rules that you tell me I must obey  
But I don't want to follow what you have to say  
I'm old enough to make deciesions for myself  
And thats what I'm gonna do not you  
And now I know I can't fight  
The fact that you were wrong and I'm right  
I have to change my life to make you happy  
and I feel so incomplete  
I feel dead lfeel beat  
I have to get out and be me to bring myself up again  
You tell me no I tell you yes thats how its always been  
Your rules are like aluminum they're so easy to bend  
I'm old enough to make decisions for myself  
and thats what I'm gonna do not you
