SHE KNOW SHE A HO!  
I done told you - Somebody need to - help 'er  
Betty Wright can't - help 'er  
Heaven knows who's gonna - help 'er (Help 'er)  
Alrighty - Uh - Whoa

The girl know (Girl know) The girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'  
That dress so tight - She can hardly get it on  
She spends 23 hours a day on her cell phone  
Making dates with men that's three times her age  
Running' around wild and crazy - Like a tiger in a cage

Feeling sexy and she's puttin' on a show  
Ms. Me got the nerve to say - "The girl doesn't know."  
Oh but the girl know (Girl know) - The girl know (Girl  
know)  
How can she not know - Girl gotta know she's a ho'  
The girl know (Girl know) - Oh, she know (Girl know)  
How can she not know - Girl gotta know she's a ho'

(Musical Interlude)

Her greatest ambition is the back seat of a car  
Victoria Secret is her push-up bra  
Skirt so short - it's all up above her thighs  
She could have it her way  
But she wants it super sized

Take it from one - who's been there before  
If it walk like one - talks like one - Yo! (She A Ho'!)  
The girl know (Girl know) The girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'  
The girl know (Girl know) The girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'

That girl know (Girl know) The girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'  
The girl know (Girl know) Oh the girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'

Somebody need to - help 'er  
Daddy don't know how ta - help 'er  
She won't let mamma - help 'er  
The girl gotta know she's a ho'  
The girl know (Girl know) Oh the girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'

Somebody need to - help 'er  
Betty Wright can't - help 'er  
Heaven knows who's gonna - help 'er  
She gotta know she's a ho'  
The girl know (Girl know) - Hey the girl know (Girl know)  
How can she not know - The girl gotta know she's a ho'  
(Ho')  
The girl know (Girl know) - Ohh the girl know (Girl know)  
How can she not know - Girl gotta know she's a ho'  
SHE KNOW SHE A HO! (Ohh)
