Night winds, cold & melancholy  
Wail a blue from holly  
Oh, my tragedy  
Like a misery meant for only me  
While I linger weary 'neath a willow tree

Right here our romance was started  
Here again we parted  
When I set you free  
All my thoughts are jumbled  
And everything is blurred  
Oh, all the world has crumbled, shattered by a word

The end has come, my heart is numb  
It was like a volt from the blue above  
I can?t believe it but you?re gone, darling  
And here lies love

The sky is dark and I hear a lark  
He sounds as sad as a mournful dove  
The dew appears like the tears of dawn  
Darling, for here lies love

All my dreams lost beyond recall  
Dreams of spring blessed within the fall  
You gave lips, you gave arms, I gave all

I ought to cry, my eyes are dry  
There?s only one thing I?m conscious of  
I only know that I can?t go on  
Darling, here lies love

The end has come and my heart is numb  
It was like a volt from the blue above  
I can?t believe it but you?re gone, darling  
And here lies love

I only know that I can?t go on  
Darling, for here lies love
