She work it girl, she work the pole
She break it down, she take it low
She's fine as hell, she's about the dough
Doing her thing right on the floor
Her money money, she makin'
Got the way she shakin'
Make you want to touch her, you wanna' taste her
Have you lustin' for her,
Go crazy face it

She's so much more than you're used to
Know's just how to move to seduce you
She's gone do the right thing and touch the right spot
Dance in you're lap till you're ready to pop

She's always ready, when you want it she want it
Like a nympho, the info
Show you where to meet her
On the late night, till daylight the club jumpin'
If you want a good time, she gone give you what you
want

Baby It's a new age,
You like my new craze
Let's get together
Maybe we can start a new phase
The smokes got the club all hazy,
Spotlights don't do you justice baby
Why don't you come over here,
You got me saying

Aayooh
I'm tired of using technology,
Why don't you sit down on top of me
Aayooh
I'm tired of using technology
I need you right in front-- of me

In her fantasy, it's plain to see
Just how it be, on me, backstrokin',
Sweat soaking
All into my set sheets

When she ready to ride, I'm ready to roll
I'll be in this bitch till the club close
What should I do, on all fours
Now that that shit should be against the law
Different style, different move,

Damn I like the way you move
Girl you got me thinking about,
All the things I'd do to you
Let's get it poppin' shorty
We can switch positions
From the couch to the counters of my kitchen

Baby It's a new age,
You like my new craze
Let's get together
Maybe we can start a new phase
The smokes got the club all hazy,
Spotlights don't do you justice baby
Why don't you come over here,
You got me saying

Aayooh
I'm tired of using technology,
Why don't you sit down on top of me
Aayooh
I'm tired of using technology
I need you right in front of me
Ooh she wants it, ooh she wants it
Hmm she wants it, I got to give it to her
She wants it, hmm she wants it
Hmm she wants it, I got to give it to her
I got to give it to her

Baby It's a new age,
You like my new craze
Let's get together
Maybe we can start a new phase
The smokes got the club all hazy,
Spotlights don't do you justice baby
Why don't you come over here,
You got me saying

Aayooh
I'm tired of using technology
Why don't you sit down on top of me
Aayooh
I'm tired of using technology
I need you right in front of me
