Yeah, yeah, yeah

I saw the lights coming in from the clouds
I saw the skies, floodlit and full of sounds
Yeah, yeah, yeah

I saw the lights coming in from the clouds
The cars in the sky, parking lots all around
Yeah, yeah, yeah

Drifting by
The world of tomorrow

I saw the lights coming in from the clouds
I saw the skies, floodlit and full of sounds
Yeah, yeah, yeah

I saw the lights coming in from the clouds
The cars in the sky, parking lots all around
Yeah, yeah, yeah, drifting by

I can't stop looking for it
Can't stop looking for it
Can't stop looking for it
Can't stop looking for it

Can't stop looking for it
Can't stop looking for it
Can't stop looking for it

Can't stop looking for it

I saw the lights coming in from the clouds
(Can't stop looking for it, can't stop looking for it)
I saw the skies, colored and full of sounds and
(Can't stop looking for it, can't stop looking for it)
I saw the lights coming in from the clouds and
(Can't stop looking for it, can't stop looking for it)

Modern life, never coming down and
(Can't stop looking for it, can't stop looking for it)
I saw the lights coming in from the clouds

(Can't stop looking for it, can't stop looking for it)
Open skies, full of sounds
(Can't stop looking for it)
Yeah, yeah, yeah

I saw the lights coming in from the clouds
I saw the skies, floodlit and full of sounds
I saw the lights coming in from the clouds
And cars in the sky all around
