Mother warned me, she told me  
Life isn't what we dream of  
So don't sleep boy, stay restless  
Don't put your hopes in this world  
'Cause your love won't last, you'll be haunted by fear  
Oh my God what have I told my son?

Mother I can't say quickly  
What should be penned so eloquently  
But I will try this one time  
'Cause something inside's not right  
With the world outside, with who hate who more  
So I'll take my lonely pen and write

I'll write smiles in the sun, I'll applaud my old heroes  
I will sing at graves, I will sing so sweet Mother  
I will trust in dreams, I won't bend to the seasons  
This is how I'd like to see everything in the world  
Everything in the world  
But there's one thing I don't want

Mother I'm stumped, I've lost that feeling  
So terribly sick that I'm reeling  
Why don't they care, why don't they fight fair?  
Why are they unhappy inside?

Mother I'm stumped, I've lost that feeling  
So terribly sick that I'm reeling  
Why don't they care, nobody cares  
Why are they unhappy inside?

'Cause their homes have died  
Baby try and hold on  
Oh my God what have I told my son?  
Oh my God what have I told my son?  
Oh my God what have I told my son?

Mother, Mother  
I'm so sorry  
God knows I tried  
But all the emptiness inside  
It's tearing me up, I'm alive

Now you have to listen  
You have to help me  
I found the reason  
For all the emptiness inside  
It's tearing me up, I'm alive

'Cause they won't listen  
They won't shut up  
They keep talking  
Making noise in my mind  
I just wanna come home, Mother

Mother  
Cover me  
Cover me  
I'm comin' in  
Cover me  
Cover me  
'Cause I won't wish  
I won't wish this on anyone
