So you want a tale  
Or a fable, maybe one great story  
Well I can't  
It's not in me, no I just don't believe  
In such a world that could replace you and me  
Yes that's my folly

As we sing and laugh and dance and play  
So intoxicated in the ways  
'Cause I love to see myself in you  
'Cause the folly in me just won't do

Watch as we perform  
As we dance around the words we create  
To fool ourselves  
In believing we are all so unique  
Well let me tell you, we are but one in one place  
Guess that's our folly

As we sing and laugh and dance and play  
So intoxicated in the ways  
'Cause I love to see myself in you  
'Cause the folly in me just won't do  
(2x)

As we sing and laugh and dance and play  
So intoxicated in the ways  
'Cause I love to see myself in you  
'Cause the folly in me is the folly in you  
So go on and fool yourselves
