(Verse 1)

i remember When i was young my momma said she  
was goin out  
you see the problem is she was always going out  
grandma mad cuz my mama left us in the house  
she was grown but granny thought she was showin out  
know you sayin damn they ain't shit to be mad to  
my momma told me well that she did what she had to  
but see i ain't like that she was datin them bad dudes  
so everytime she went out i gave her an attitude  
yeah i was straight throwin a tantrum  
try to mess up her plans i was hopin she canceled  
but ain't nobody told her what she could and she can't  
do  
yeah ma i was a handful so yeah  
i cried and i cried and i tried to show her my side  
but she wasn't hearin her kid took the key to the crib  
out the door she wavin bye bye  
she had me thinking that my tears meant nothin'  
years later found out it means something  
you see all those nights mama left me alone  
i had to learn how to stand on my own (2 feet)

(chorus)

don't cry don't cry don't cry it'll be alright  
you only get one chance to live yo life  
up and down homie enjoy yo ride  
and don't cry don't cry don't cry it'll be alright  
you only get one chance to live yo life  
up and down homie enjoy yo ride (don't cry because its  
okay)
