Nice and Smooth

Check it out yo, she got it going on baby
Check it out yo, she got it going on baby
Check it out yo, yo she got it going on baby
Check it out yo, check it check it out!

Look

Clearly, it is plain to see
If it ain't meant to be
Then please explain to me
How we, we have come to be
You have come to me
Although we can't agree
And I know it often angers me
It often angers you
That's what pain'll do
Especially when they're saying to you
All the things you don't see, but they saying I do
But I'm saying I do
On my name I do
Retire my jersey let 'em hang my shoe
Right on the telephone wire
Lets grow, let's go higher
Till we're both old and tired
Cause even when we die, our souls won't expire
So, yup, I really want to know
Since it's really on you...

[Chorus]

Let me hold my arms around you girl then take your
fear away
If loving you is wrong, I'd rather be wrong I'm here to
stay
I do it all for you, my feelings are true from the very
depth of my heart
And don't you never, ever ever forget it babe

Nice and Smooth

Uh, Hey girl you know you're so damn fine.
Yo! I'm about to lose my mind
Hey girl you know you're so damn fine.
Yo! I'm about to lose my mind

Look

Clearly it is plain to see

All the things I do effect you painfully

And NO you shouldn't change for me

You should change for you, wherever change may be

A thorn is never pretty as the flower

But the prettiest flower seems to have the most thorns

We as stubborn as a bull with both horns

All you got to say is I do, and maybe we can go on

And NO this ain't no song

If loving you is right, then there ain't no wrong

Therefore we can't grow long

Like a man with no arms I just can't hold on

Knowing that you ain't mine officially

I've got nothing but love like evidently-d

So girl I really want to know

Since it's really on you

Say...

[Chorus 2]

Let me hold my arms around you girl then take your
fear away

If loving you is wrong, I'd rather be wrong I'm here to
stay

I do it all for you, my feelings are true from the very
depth of my heart

And don't you never, ever ever forget it babe

This ain't a love song

This ain't a club song

I'm on my LL shit this ain't a thug song

This is a strictly from me to us song

So I guess that makes it more an us song

All my newlywed couples do you feel me?

All my couples still together do you feel me?

All my puppy love couples do you feel me?

You've been together for a while I know you feel me!

[Chorus 3]

Let me hold my arms around you girl then take your
fear away

If loving you is wrong, I'd rather be wrong I'm here to
stay

I do it all for you, my feelings are true from the very
depth of my heart

And don't you never, ever ever forget it babe

Nice and Smooth

Hey, I need a honey
Uh, I need a honey [honey]
I need a honey
Oh, be my honey ay!
I need a honey, huh
I need a honey ay!
Oh be need a honey
