We in the club like...

3,2..

Pop off

Put your glasses in the air

(Put your glasses in the air)

Wave 'em all around

(Wave 'em all around)

All they do is stare

(All they do is stare)

So just dont put 'em down

That's right (mims)

It's a celebration bitches

Red carpet pose, pictures

Frisses, misses, sixes, this is the life

If you blink you could miss it, kisses

Boomerang, I am back in the game

Plus I came a long way like the tongue of a lizard

Tron James lookin' so sweet like a dessert

Froze like a blizzard, hotter then a desert

Mims real never try to front on his word

I don't mean food when I say I'm a liver

You in the boat with no paddle in the river

Care to ask how me and you differ

We can take a cruse into my shit, nigga

The look on your face is so bitter (bitter)

Y'all can hate just not with me

I invite the whole world to come pop with me

(Let's go)

Put your glasses in the air

(We in the club like)

Wave 'em all around

(We in the club like)

All they do is stare

(Buyin' out the bar like)

So just don't put um down

(The life of a star)

Life, li li lililili life

Money ain't a thing to me obviously

As far as I can see this was my prophecy
Now the hater nation is steady watchin' me
Cause for them their money still playin' hide and seek
They runnin' round like olli olli oxen free
How you got it on lock when I got the key?
That means possibly one of us is lyin'
And not being me is not probably
I first learned how to hustle off Monopoly
Then I thought the street dream was to cop a key
But I slowly realized this is not for me
Fuck a rock and id rather the whole world rock with me
Plus the game has so much monotony
I knew when I dropped they would learn a lot from me
So a celebration is what I can see
I invite the whole world to come and pop with me

Put your glasses in the air
(We in the club like)
Wave 'em all around
(We in the club like)
All they do is stare
(buyin out the bar like)
So just don't put um down
(The life of a star)
life li li lililili life

You can catch me in Bora Bora out in Tahiti
Or in Fiji sippin on Fiji that's probably why you don't see
me
I'm always P-O-P-P to the I-N-G they all envy me
Cause they ain't in the game like the engine reserve
I deserve to be the MVP I got the game all locked they
like send me the key
Ask black out send you a beat
For shit's sakes let just pretend you was cheap
And you gotta 16 offa me for free
I bet that would take you from sea to sea from plane to
plane
Long as you stay in ya lane better be a deaf beat like
you dang ta dang
And the celebration is where I can see I am
I invite the whole world to come and pop with me

Put your glasses in the air
(Put your glasses in the air)
Wave 'em all around
(Wave 'em all around)
All they do is stare
(All the do is stare)
So just don't put um down
(So just don't put um down)

Life, li li lilili life
