If you find yourself here
On my side of town
I pray that you'd come to my door

And talk to me
Like you don't know
What we ever fought about
I don't remember anymore

I just know that she warms my heart
And knows what all my imperfections are

And she said that I was the brightest
Little firefly in her jar

And I just know that she warms my heart
And knows what all my imperfections are

And she says that I am the brightest
Little firefly in her jar
