With a heart so pure
You could fall so quickly
But don't you dare slow down for me
Were it not for hearts like mine
Calloused thickly
You could fall so easily
Don't you dare slow down for me)

You can take everything I have
Just don't leave my side no, don't leave my side
You can take everything I have
Just don't leave my side no, don't leave my side

Cause your words hit like a train and I can't ignore it
This moment could be our last
You fall in love and I'm running after
You move way too fast

But don't slow down
And don't let go
Hold me close now, lest I fall
They say I don't know how to love the right way
But you make me feel, you make me feel like I do

You can take everything I have
Just don't leave my side no, don't leave my side
You can take everything I have
Just don't leave my side now, don't leave my side

Cause your words hit like a train and I can't ignore it
This moment could be our last
You fall in love and I'm running after
You move way too fast

Cause your words hit like a train and I can't ignore it
(Don't slow down)
This moment could be our last
(Don't slow down)
You fall in love and I'm running after
(Don't slow down)
You move way too fast

Don't slow down
Don't slow down

Cause your words hit like a train and I can't ignore it
This moment could be our last
You fall in love and I'm running after
You move way too fast

Cause your words hit like a train and I can't ignore it
(Don't slow down)
This moment could be our last
(Don't slow down)
You fall in love and I'm running after
(Don't slow down)
You move way too fast

Don't slow down
Don't slow down
