I never stop feeling strange  
'Cause you never know if you really change  
You can never tell if you're center stage  
Is thin as glass and never meant a thing

And you never feel good or bad  
Only strange and unprepared  
'Cause I never see you coming or you leaving  
Now we'll always never know  
Now we'll always  
But now we'll always never know  
Now we'll always

And you never feel good or bad  
Only strange and unprepared  
'Cause I never see you coming or you leaving

Now we'll always never know  
Now we'll always  
Now we'll always never know  
Now we'll always
