I'll take care of you, oh  
Have faith that when you call my name  
I'll be there

It was a straight-faced lie I believed  
It was a straight-faced lie  
You would ever leave me  
So for now I'll keep believing your words  
Soon enough my strength will return

I'll take care of you, oh  
Have faith that when you call my name  
I'll be there  
I'll be right there  
So keep breathing on  
Keep that sweet heart of yours beating  
And I'll be there  
I'll be right there

Let me draw the blinds for you  
You can watch the sunset from the bed  
In your hospital room  
Until you're sleeping  
And I'm sure that I don't understand  
How I found a love so pure

I'll take care of you, oh  
Have faith that when you call my name  
I'll be there  
I'll be right there  
So keep breathing on  
Keep that sweet heart of yours beating  
And I'll be there  
I'll be right there  
I'll be right there

Don't lift a finger let me show you  
The only way to let this go  
Don't lift a finger let me hold you  
Let me hold you here until all the pain is gone

I'll take care of you, oh

Have faith that when you call my name  
I'll be there  
I'll be right there  
So keep breathing on  
Keep that sweet heart of yours beating  
And I'll be there  
I'll be right there  
I'll be right there
