Have you heard the news?  
Yesterday was just the beginning  
Of another time  
Is it true or false?  
When everything depends on tomorrow  
Can't you read the sign  
All that we know could be wrong...  
Climbing up the rope  
Nothing will be left if we give in  
Leave it all behind  
Did I wake you up?  
Forever is a very long time  
Turn the hourglass  
All that we know could be wrong

Standing in the scene of the crime again  
As we move on, with our lives

Cover your eyes when you face the storm  
And the world outside, doesn't mean a thing  
Courage within, and you'll brake the fall  
Bring down corrupted nations  
Prevent their suffocation  
And you will break through the wall

Going nowhere fast?  
Simon said that nothing's the matter  
Read between the lines  
Did you know the score  
Information only for in-laws  
Carefully confined  
All that we know could be wrong...  
Have you seen the news?

Politics are just an illusion  
Projected in your mind  
Did I wake you up?  
Forever is a very long time  
(Spoken)-Especially when you're blind...  
All that we know could be wrong...

Standing in the scene of the crime again  
As we move on, with our lives

Cover your eyes when you face the storm  
And the world outside, doesn't mean a thing  
Courage within, and you'll brake the fall  
Bring down corrupted nations  
Prevent their suffocation  
And you will break through the wall

Walking a fine line, claiming what is mine  
Will you take my advice, against intended lies  
Secured immunity- Two for the price of one, two for the  
Price of one

Cover your eyes when you face the storm  
And the world outside, doesn't mean a thing  
Courage within, and you'll brake the fall  
Bring down corrupted nations  
Prevent their suffocation  
And you will break through the wall
