Verse: Should I cross the line
Or bite my lip
Cause my hunger is slowly growing

Pre-Bridge: Raise your hand
Show that you care
Don't let them push you down
Time flies by so do something now

Verse: Respect my point of view
Listen to me
All I care of is to make it

Pre-Bridge: Raise your hand
Show that you care
Don't let them push you down
Time flies by so do something now

Bridge: There's your chance so take it now
Speak your mind
There's no second chance

Chorus: Only one of us can see it
Jealousy in disguise
Can't stand your smile

Stick: There is only one way
Of course they'll tell you
That there is no such thing
Don't believe a single word they say
Cause there is only one way
Concentrate on what you believe
Trust me...

Bridge: There's your chance so take it now...

Chorus: Only one of us can see it
Jealousy in disguise
Can't stand your smile x2

Bridge: There's your chance so take it now...

Chorus: Only one of us can see it
Jealousy in disguise
Can't stand your smile x2
1. Raise your hand show that you care
2. Time flies by so do something now
I can't stand your smile
