I'd like to look just like you
And I'd like to feel just like you
And I'd like to talk just like you
I'd like to be,
Yes, I'd like to be like

Why try to look just like you
And why try to do things to do
Why change my mind,
My point of view
Cause I'd like to be
No, I'd like to feel like

Scum slag white trash
Feelin' out of place again
What the fuck you're doin' here
You don't fit in
High class nice boy
Makin' like somebody's toy
Head stuck up some fuckers ass
Working no class

Cause I'd like to look
And I'd like to look
Cause I'd like to look
Cause I'd like to look
And I'd like to look
And I'd like to look
And I'd like to look
Cause I'd like to look

Like you
