Call me when there's a lack of faith  
Call me shiver  
A con of fate  
I drew the line that divides men from child,  
Sheep from timber wolves  
I hold the dark when light finds space

[Chorus]  
What have I done?  
I am a prisoner  
I extend my hand  
And you deny it  
What have you done?

Your home of sand and dust  
You are letting it go  
A life so meaningless,  
With nothing to live for  
Nothing to live for

Call me when there's a sense of haze  
I am a whisper  
An eco of fate  
I've sold my life to rely on your eyes  
Sweet and simple words  
You bought me dark when I found grace

[Chorus]  
What have I done?  
I am a prisoner  
I extend my hand  
And you deny it  
What have you done?

Your home of sand and dust  
You are letting it go  
A life so meaningless,  
With nothing to live for  
Nothing to live for

Flaw loves this drawing loss

The minute you draft for redemption  
Loving the sleazy life?  
One minute to overcome  
I hope, what takes away will bring to me

What it takes to be alive?  
I am distant from home  
Strong forever  
I hold you in my arms

[Chorus]  
What have I done?  
I am a prisoner  
I extend my hand  
And you deny it  
What have you done?

Your home of sand and dust  
You are letting it go  
A life so meaningless,  
With nothing to live for  
Nothing to live for  
Nothing...
