[Spoken:]

- It's open!

- Hi, I'm Norma Jean...

- Enchanting, just take off your clothes will you...

Obscene is the man watching a woman undress herself

Pleasure is given but not responded

Loneliness says yes but November says no

A window to her soul they say

December, her soul's gone astray

Climb, climb while you still can

The ladder is slippery but fair

When you least expect it...

The lust that I see in your eyes watching me tonight

I hope that it's real

I'm down and lonely

Happiness killed what little was left of me

A thousand for love, you say

I guess it's OK

Fly, fly while you still can

For life will punish all the fools

When you least expect it, in the eleventh hour

The hour of need...
