Come into my world  
Won't you sit yourself inside, what's mine is yours  
All you ever need  
But I can see no reason why you should  
Come with me my friend to the waters edge  
Stay a little while  
As you walk again into freedom  
Then I'll be there as you fear

Fear, fear the hate, fear the pain  
Fear the one thing you can't change  
My life, my mind, couldn't escape me if you tried  
Enter today, why don't you stay  
Come with me don't run away  
From the hate, from the pain  
Be all that you should be

Look into my eyes  
You may find a feeling from within  
Visions so unkind  
Re-define seduction laced with sin  
Come with my friend to the waters edge  
Play a little while  
Walk once again into freedom  
All I'll be there as youâ€¦!

Fear, fear the hate, fear the pain  
Fear the one thing you can't change  
My life, my mind, couldn't escape me if you tried  
Enter today, why don't you stay  
Come with me don't run away  
From the hate, from the pain  
Be all that you should be

Are you scared? I couldn't hurt you  
Are you scared? Are you scared?  
Are you afraid?

Fear, fear the hate, fear the pain  
Fear the one thing you can't change  
My life, my mind, couldn't escape me if you tried  
Enter today, why don't you stay

Come with me don't run away  
From the hate, from the pain  
How could you wash your fears away?
