Now, welcome to the game  
That anyone can play  
Where you know the stakes are high  
But you still what to try  
Where temptations your best friend  
Also the enemy within  
Too late to change your mind  
Now that your life is on the line  
And heads they win  
And tails you loose  
If you wanna break free, well it's up to you

Now visions walk your mind  
And the danger hides inside  
Indecision rules your head  
Eager to forget  
That the faith you once lived for  
Hangs alone upon the wall  
Can't believe on words no more  
Attitude has go to take control of you from here  
To allow for the truth  
Then deny the fear  
And bring back reality

Open your eyes  
It's your life only you can change it  
Look and you'll find a way  
Come with me tonight  
Bring hopes and dreams and you can make it  
Look and you'll find a way

Just as everything goes wrong  
Have belief and carry on  
You'll find faith and you'll grow strong

Open your eyes  
It's your life only you can change it  
Look and you'll find a way  
Come with me tonight  
Bring hopes and dreams and you can make it  
Look and you'll find a way

Open your eyes, open your eyes, open your eyes  
Come with me tonight  
Bring hopes and dreams and you will make it  
Look and you'll find a way

Open your eyesâ€¦
